U.S. Department of Justice  
950 Pennsylvania Avenue, NW  
Washington, D.C. 20530-0001

Dear Attorney General Ashcroft:

This letter comes to you in support of the settlement proposal for the Microsoft anti-trust lawsuit. Good Republican principles allow businesses to seek their own markets and compete fairly. The settlement appears to address concerns from AOL, Sun Microsystems, Oracle, IBM, and Apple. These companies should be pleased with the work you have done.

Your office is doing a great job in behalf of America's citizens.

Thank you,
